

All the students of UAP share the medical center within the campus which provides medical facilities for class hours. Not only students but also faculties and employees of UAP can get the medical facilities from the medical center.

Besides, the medical center of UAP has three rooms where two beds and others medical resources are available to give medical supports by experienced physicians. However, the available medical resources may not adequate for serious issues but can facilitate emergency services. Further, UAP does not have any ambulances right now but can arrange transportation service which can be fulfilled by UAP owned mini-vans for emergency purposes. Moreover, the medical center of UAP is also linked with nearest hospital for providing supports to emergency issues. Moreover, students, staffs and other concerns of the university receive 15% discount from Medinova Hospital.
